Dear Mr. Warner,

I appreciate your writing to me in Nov
"Submerged Resources Act and Regulations".

Our company has been in business since 1
South. My family and myself are collectors of Civil War relics and we are involved in the
preservation and salvage of these types of items. If this new act in any way limits what we
do then I want to get a permit; effective immediately. Would you please look into issuing
a permit or whatever its going to be for us so that we can continue to dive in Alabama.

Thank you very much for your help.

Sincerely,
